

A6 Auto Locking Door for Medical & Safe Rooms

A6/44 for 44mm doors

A6/54 up to 60mm doors

Application

For cupboards and safe rooms. The door is slam locked shut.

The bowling ball turn will operate the latch from the inside, and key entry only from the outside. The key will override the latch if the turn is held.

The addition of a pinch grip pull allow the door to be pull closed. A further pinch grip can be added inside the room if required
