

P1 First Entry Bedroom Door Set

P1/44 for 44mm doors

P1/54 up to 60mm doors

Application

Typically for bedroom doors where the deadbolt can be thrown from the inside of the room for privacy using the bowling ball turn.

The roller latch in the lock allows the door to be pushed and pulled open when unlocked.

Key entry from the outside uses a Panic Cylinder which disengages the turn on the inside.
